

### TIERRA MADRE TEXTURE, SHAPES, SIZES AND TRIM

Tierra Madre Texture - Tierra Madre translates to “Mother Earth.” This texture pays homage to the majestic natural beauty of California as well as the rest of our planet. Our Tierra Madre texture is achieved by glazing the “back side” of the tile. This texture highlights the natural beauty of our blonde bisque by highlighting its imperfections. Tierra Madre offers a higher color and surface variation as well as irregular edges that make each tile one of a kind.

Seven 1/2” Thick Shapes and Sizes - 6x6, 4x4, 2x8, 8” Hexagon, 4” Hexagon, 7” Conche, and Arabesque Pattern 8C

The name itself is inspired by the Metolius River, which flows through this stunning region. The collection is rooted in the artisanal tradition of handmade tile, and each piece is crafted with great care and attention to detail. The Tierra Madre body serves as the perfect canvas for the 15 colors that are inspired by the Pacific Northwest. The collection includes field tiles as well as hand-painted decorative tiles that add a unique touch to any project.
